Organized by:

Department of Community Medicine

Maharishi Markandeshwar Institute of Medical Sciences and
Research, Mullana (Ambala), Haryana – 133207

Welcome to NZ-IAPSMCON 2023

On behalf of the Department of Community Medicine, M.M.I.M.S.R. Mullana & NZ-IAPSM , it is with great pleasure that we welcome you to the 26th Annual Conference of North Zone Chapter Indian Association of Preventive and Social Medicine (NZ IAPSM)

Message from Organizing Team

In today's dynamic world, the role of Community medicine has evolved into a cornerstone of public health. With a focus on preventive measures and social interventions, Community medicine has become instrumental in safeguarding the health of populations. It's heartwarming to witness the growing recognition of these efforts, especially in a country as diverse as India.

India's journey in the realm of public health has been one of progress and innovation. From eradicating diseases through vaccination drives to launching nationwide health awareness campaigns, the impact of community-oriented approaches has been profound. As we stand at this juncture, technology has emerged as a formidable ally in healthcare. The integration of digital platforms, telemedicine, and data analytics has revolutionized patient care, diagnosis, and health management. The journey has been exciting, and the road ahead is illuminated with even greater opportunities to enhance accessibility, affordability, and effectiveness in healthcare delivery. The collaboration of medical professionals, researchers, policymakers, and technologists will undoubtedly shape the future of healthcare in India and beyond.

We express our deepest excitement to host you at this significant event. Your presence enriches the discourse, and we are eager to learn from your experiences and contributions. This conference promises to be a platform for intellectual engagement, networking, and envisioning the path forward.

Together, let us explore the boundless potential of community medicine, harness the power of technology, and create a healthier, more vibrant future. Here's to an inspiring and productive conference ahead!
