6th AMRITA INTERNATIONAL PUBLIC HEALTH CONFERENCE (AIPHC) DEC 1ST - 2ND 2023

ADVANCING PUBLIC HEALTH STRATEGIES FOR CANCER CONTROL

**Dear friends,
Greetings from Amrita Institute of Medical Sciences, Kochi!**

The Department of Community Medicine & Public Health, along with the Departments of Oncology, AIMS, Kochi are delighted to host the 6th Amrita International Public Health Conference in collaboration with ITMO University, St. Petersburg, Russian Federation on December 1st and 2nd, 2023 at Amrita Institute of Medical Sciences, Kochi.

**The focus of 6th AIPHC will be on,
Advancing Public Health Strategies for Cancer Control**

Cancer is a devastating and complex disease which constitutes a major global health challenge, affecting millions of people worldwide. The impact on individuals and families are immense, causing physical, emotional and financial hardships. With multifaceted aetiology, often involving a combination of genetic, environmental and lifestyle factors, early detection and advances in medical research have led to improved treatment and survival outcomes, but challenges remain. By joining forces with an unwavering dedication to advancing public health strategies, we firmly believe that we can make a significant impact on cancer control. Through coordinated efforts, research and advocacy, we can raise awareness about early detection and improve access to quality treatment and care for all affected individuals.

This event holds the promise of becoming a milestone in our collective efforts to combat one of the most significant challenges faced by humanity today. The conference will provide an excellent opportunity for networking and knowledge exchange with participants from academia, public health organizations, policy makers and practitioners.

Together, we can turn the tide against cancer!
